

Duchesne River

Between Myton Diversion (River Mile 40) and the Green River Confluence (River Mile 0) in Utah

Who: U.S. Fish and Wildlife Service, Vernal, Utah

What: Smallmouth bass, channel catfish, and northern pike. During three trips, smallmouth bass, channel catfish, and male northern pike captured will be removed and made available to the Ute Indian Tribe to stock into the Tribal Elders' Pond. Female northern pike will be euthanized so that Elders' Pond does not become a source of northern pike resulting from reproduction in the pond.

When: April through July, 2005

Why: See attached questions and answers.

Contact: U.S. Fish and Wildlife Service, Vernal, Utah
